

1 Phase/3 Phase VAF-KWH and Hour Meter

SPECIFICATIONS

- 4-line x 16 character LCD display with blue back-light
- Current, voltage of each phase, phase to phase voltage, average voltage, frequency, kWh and Hour
- Programmable CT primary from 1A to 9999A with password protection
- Positive energy accumulation even with CT reversal
- Auxiliary supply : 110VAC /230VAC /440VAC $\pm 10\%$ VAC
- Compact size of 96mm x 96mm x 45mm
- Accuracy : 1.0% of FSD

OPTIONAL:

DC AUXILLIARY Over current with relay tripping
